It has made so much difference in terms of efficiency and reliability. All three of us in the office use it on a daily basis for all office matters and one of the advantages is that the printer ink is a new system that uses liquid ink. This is going to save us a lot of money as the ink goes much further and we won't have to replace the inks so often. This has been a financial burden on us in the past.**

'On behalf of Llandysul Canoe Club I would like to thank the Statkraft committee for their support, patience and support that they have shown us during project developments without your support this project would not have been possible. '

Ysgol Cae'r Felin

Once again this year we are very grateful to Statkraft who have enabled us as a school to enhance the provision offered to the children of Ysgol Cae'r Felin. Following a request made by the school council, tarmac was installed on the yard and also furniture made from recycled materials. It has added colour and nice places to sit on the yard. They were put to use during an open-air community concert recently.

Ysgol Eglwys Llanllwni

Applications for the creation of a mural and refurbishment of the school yard were supported along with the replacement of new tarmac.' **The school has been targeting the improvement of the outdoor area this year, and taking part in the Splat Cymru Project has enabled us to improve the appearance of the school and also develop the children's creative skills.
